

**Tuan Lai**  
**Office Manager – Hanoi Branch Office**

As an Office Manager for our Hanoi Branch office from since early 2012, Tuan Lai is a qualified Architect, graduated from Hanoi University of Architecture in 1995. He also holds a Master Degree in Construction from Hanoi University of Construction and is an official member of the Vietnam Architect Association and some other on-line Social Architect Groups.

Since graduation and prior to joining Prime, Tuan has worked as a professional Designer and Project Manager for well-known international Architects and Construction Firms such as DWP Vietnam and MVN.

With his pronounced qualifications and experience on the field, Tuan is currently managing all aspects of our business in Hanoi market, including design and construction works, following the high construction standards and schedule set out by Clients, Designers and industry Consultants. He is also able to advise Clients on practical and technical issues in order to add value to many projects that the company has been undertaking in and around Hanoi
